*H*ISTORY OF BERK TRADE AND BUSINESS SCHOOL

Irving Berk
Founder
1909-2006

Berk Trade and Business School (BTBS), with a facility conveniently accessible to students throughout the greater New York metropolitan area, was founded in 1940 by its former owner, Irving Berk. Mr. Berk was one of the pioneers in the non-degree granting sector that provides training in the trades. He opened his school in 1940 on Atlantic Avenue in Downtown Brooklyn. He helped hundreds of returning World War II veterans find work after receiving training paid for under the GI Bill.

In the beginning the original School taught nothing but plumbing classes. Electrical Installation was added when the school moved. Over 10,000 students from various parts of the United States as well as internationally have earned certificates and diplomas.

The multi-cultural population in the New York metropolitan area has increased dramatically over the past several years. Many of these individuals presently work in menial jobs because they lack the skills necessary to obtain employment in business. The faculty and staff of Berk Trade and Business School believe they provide the education and skills essential to this population so that the individuals can become part of the growing New York City workforce and business community.

Berk Trade and Business School was voted the best vocational school in Queens for 2018 in a survey conducted by the Queens Courant. This indicates the reputation the School has attained by serving the community.

*A*CCREDITATION

Berk Trade and Business School is accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC) to award Diplomas. ACCSC is a national accrediting agency recognized by the U.S. Department of Education. This accreditation qualifies Berk Trade and Business School to participate in Federal Financial Aid Programs, which provide grants and loans to eligible students. Berk Trade and Business School is also qualified to accept tuition assistance from the Department of Veterans Affairs, Vocational and Educational Services for Individuals with Disabilities (ACCES/VR, formerly known as VESID), Human Resources Administration (HRA), Americorps, US Department of Labor's Individual Training Account Grant Program (ITA), and other third party assistance programs including employer sponsored tuition assistance programs.

*P*ROGRAM ADVISORY COMMITTEES

The Program Advisory Committees offer an accurate picture of what is happening in today's marketplace, and what to expect in the future. Our Program Advisory Committee members hail from a wide variety of backgrounds. Some are leaders of the largest and most-respected companies in their fields. Others are private practitioners at the cutting-edge of the concepts and technologies used in today's industry. Together, they provide Berk Trade and Business School with pertinent information to keep it at the forefront of the trends and skills our students will need to be successful in today's job market. Each course and program has been reviewed and analyzed by the Program Advisory Committee. What happens in our classrooms surpasses the minimum standard required by employers who hire our graduates. Nothing goes into the classroom that will not be used in the industry. Berk Trade and Business School and our Program Advisory Committees engage in a joint partnership that focuses on improving the quality of our product. This means the student receives the most advanced, and exceptional learning experience available.

Within the limits of its ability and resources, it is the policy of Berk Trade and Business School to accept all qualified applicants for admission who demonstrate they have the interest, ability and potential to successfully complete appropriate requirements for the course of study selected, without regard to race, creed, color, disability or sex.

OVERVIEW

After meeting with an Admissions representative who is trained to listen and evaluate your needs and goals you will be presented with the Berk Trade and Business School program that is appropriate for you. Our philosophy is to treat you as an individual and create a program that will give you the ability to achieve your dreams. Our representatives will explain the great variety of opportunities available in today's job market and the skills you will need to start the career you want. They will also give you a tour of our campus, including our library, theory and shop classrooms and labs. Although all information available in the admissions process is reviewed very carefully by the Admissions Office, primary consideration is given to the pre-admission interview.

PROCESS

The admissions process is designed to consider all aspects of an applicant's record and experience and is not intended to admit applicants solely on the basis of grade point averages, test scores, or any other single criterion. The School recognizes that there is great variation among its applicants' personal circumstances, home communities, and high schools, including those schools' course offerings and grading practices. Therefore, reviewers have the opportunity and responsibility to consider a comprehensive range of factors in evaluating applications and to admit applicants who both are academically qualified and have demonstrated their potential to contribute to, and be successful students at, Berk Trade and Business School.

Our admissions program fosters an individually tailored review and decision making process for each application by expanding flexibility and use of professional judgment, while at the same time maintaining consistency in the way all applications are evaluated. STUDENT FINANCIAL SERVICES

MISSION STATEMENT

The Student Financial Aid Office at Berk Trade and Business School supports the mission statement of the School. The primary mission of the Financial Aid Office is to administer student financial aid programs in compliance with applicable law, regulations and policies that govern federal, state and private funds in order to serve the maximum number of students by assisting them in completing their education using a combination of these aid sources. The Financial Aid Office is committed to promoting and maintaining integrity, accuracy and timeliness in the delivery of financial assistance to all students admitted to the School.

Berk Trade and Business School is qualified to participate in most Federal Financial Aid programs. Grants and loans are available to qualified students. Our Financial Aid department will design the plan that is best for you. Let us help you find the resources necessary to make your dream a reality.

PAYING FOR EDUCATIONAL COSTS

Each term (15 weeks) students are responsible for arranging for payment of all tuition, fees and other School-related expenses. In addition to direct payment, financial obligation may be met through a combination of Federal and State grants, scholarships from outside sources, and student loans.

Students who have a shortfall after all financial aid alternatives have been explored are able to make either a lump sum payment or participate in the School's convenient monthly payment plan.

Additional information can be obtained in the Business Office or Financial Aid Office. Individuals who qualify for employer sponsored tuition reimbursement plans must provide documentation regarding the specifics of their plan prior to registration. The School may be able to reduce the out-of-pocket cost to the student based on the provisions of their plan.

FEDERAL PELL GRANT PROGRAM

The Federal Pell Grant is an entitlement program that grants awards to students based on their financial need. The Pell Grant awarded is a prorated rate since students are not attending traditional full time schedules. The amount of the grant depends on a family's financial status (determined by a Federal formula), and the cost of attendance at the school.

FEDERAL DIRECT SUBSIDIZED STUDENT LOAN (FDSL)

A Federal Direct Subsidized Student Loan is a low-interest loan authorized by the federal government to help pay for a student's School costs. The in-school interest is paid (subsidized) by the federal government. Berk Trade and Business School students qualify for prorated amounts of the FDSL. The amount awarded is less than the maximum amount allowed for traditional post secondary schools.

FEDERAL DIRECT UNSUBSIDIZED STUDENT LOAN (FDUSL)

A Federal Direct Unsubsidized Student Loan is for those students whose needs analysis does not allow for part or all of the Federal Subsidized Student Loan. The programs have the same eligibility criteria. The main difference is that the in-school interest is not paid by the federal government. The interest may be paid quarterly or deferred until repayment of the loan.

SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG)

SEOG is a program that provides funds for undergraduate students who demonstrate exceptional financial need. SEOG is a grant and operates similarly to the Federal Pell Grant Program. In both cases, funds are awarded but do not need to be repaid.

STUDENT FINANCIAL SERVICES

THE FEDERAL DIRECT PARENT LOAN PROGRAM (PLUS)

Federal Direct Parent Loans for Students are available to parents of dependent students to help meet a student's educational expenses. Students, for whom the loan is borrowed, must meet all Title IV eligibility criteria. Federal Parent loans do not require a financial needs test. PLUS loan borrowers are subject to credit checks. All PLUS loan borrowers have a loan origination fee and insurance premium fee equal to 3% of the loan, which is deducted from the original loan amount. The maximum PLUS loan is equal to the cost of attendance at the School less other expected financial aid. Federal PLUS Loans have a variable interest rate, and repayment must begin forty five days after the loan is fully disbursed.

LOAN REPAYMENT FACTS

SUBSIDIZED FEDERAL DIRECT STUDENT LOAN

1. Payment of principal and interest begins 6 months after the day you graduate (your "grace period") or are enrolled less than half-time. Repayment should be completed within 10 years, depending on the amount borrowed. However, extended payment plans, graduated repayment, and deferments (to delay repayment) are available through the Direct Loan Servicing Center. You may choose to repay earlier without penalty.
2. The federal government pays (subsidizes) all your loan interest while you are enrolled at least half-time plus your grace period.
3. The interest rate changes every year, but will never be more than 8.25%.

UNSUBSIDIZED FEDERAL DIRECT STUDENT LOAN

1. You are responsible for interest from the time you receive your loan unless you choose to have the interest added to the principal balance (capitalized) or to make interest payments while you are in school.
2. Payment of both principal and interest begins 6 months after the day you graduate or are enrolled less than half-time. Payment plans and deferments are available. You may choose to repay earlier without penalty.
3. The interest rate changes every year, but will never be more than 8.25%.

STUDENT FINANCIAL SERVICES

FEDERAL DIRECT PLUS LOANS

1. The interest rate changes every July 1, but will never be more than 9%. Interest begins to accrue after the first disbursement.
2. Repayment of the amount borrowed plus interest generally begins within 60 days after the full amount of the loan is disbursed.

DEFERMENTS

Deferments (to delay repayment) are available to eligible borrowers through the Direct Loan Servicing Center.

RIGHTS AND RESPONSIBILITIES OF STUDENT LOAN BORROWERS

A student borrower is not required to begin repayments as long as the student remains enrolled at least half-time and for six months after he/she ceases to be at least half-time. This is known as a student's grace period. Repayment must begin after the grace period ends. However, payment of principal may further be deferred for certain categories such as Public Health Service officers, the temporarily disabled, full-time Peace Corps, VISTA or similar national volunteer programs, unemployment, and full-time teachers in shortage areas. If a student applies for more than one student loan, the application must be made to the same lending institution where the original loan was made.

After completing a course of study, a student is required to participate in an Exit Interview. The main purpose of the Exit Interview is to orient the student to his or her responsibilities after program completion and to update contact information.

After ceasing to be at least a half-time student, the borrower must make formal arrangements with the lending institution to begin repayment. The following regulations apply:

- Depending on the amount of the student loan, the minimum monthly payment will be \$50 plus interest.
- Under extenuating circumstances, the lender, on request, may permit reduced payments.
- Repayment in whole or part may be made at any time without penalty.
- The maximum repayment period is ten years.

STUDENT FINANCIAL SERVICES

Continued

- Loans may be consolidated, resulting in longer repayment terms and smaller monthly payments.
- Loans may be repaid through the Income Contingent Program.
- Loans must be repaid according to their terms and conditions; missing payments can result in the loan being placed in default.
- Loan borrowers who are experiencing difficulties meeting their loan payments must notify their lending institution to determine the right steps to take to rectify this matter. Loan borrowers who have concerns about any aspect of their loans should seek assistance from a loan advisor. If concerns remain, the Financial Aid Coordinator is available to discuss any outstanding issues.
- All students receiving financial aid must complete the Exit Interview by their last week of attendance.

TITLE IV DISBURSEMENTS

All Federal Direct Loan borrowers have a loan origination fee equal to 3 percent of the loan which is deducted from the original loan amount. For first term students, funds may not be disbursed earlier than 30 days from the beginning of the term. For continuing students funds may not be disbursed

earlier than 10 days prior to the beginning of the term. The loan amounts may be disbursed in one or more payments. Title IV Grants are generally disbursed to student accounts after the second week of each term, on a regular basis contingent on when the award is finalized. Loans will be paid to each student's account within three days of the receipt of the funds. Loan funds are generally delivered to the School via Electronic Funds Transfer (EFT). A student will receive notification (receipt) of the loan in an attached reminder that he/she has the right to cancel all or part of the loan within 14 days.

In situations where funds must be returned, they are returned in a prescribed order: Unsubsidized loan; Subsidized loan; PLUS loan; Pell Grant. Pending and/or estimated aid will not result in a credit. A credit will only occur once the proceeds are paid to the student's account.

STUDENT FINANCIAL SERVICES

PAYMENT PLANS

The tuition and fees are subject to change at the discretion of the School Director. Payment plans are available to students who do not wish to apply for Title IV federal financial aid or who do not qualify for the federal programs. Payment plans are arranged initially with the Financial Aid Office and confirmed through the Bursar's Office. Students interested in payment plans should have a realistic budget in mind that is sustainable during the course.

SELECTIVE SERVICE REQUIREMENT

All male students between the ages of 18 and 25 must be registered with the Selective Service System to be eligible for any Title IV financial aid program. This applies to all United States citizens and eligible non-citizens. Members of the National Guard or Reserves must also register. Only permanent residents of the Trust Territory of the Pacific Islands and the Northern Marina Islands are exempt from this requirement. Students may be required to present a copy of their Selective Service acknowledgement letter, showing their registration number, to the Financial Aid Office.

Male students who have reached their 26th birthday and who are not registered with the Selective Service System must advise the Financial Aid Office and resolve this issue prior to starting classes.

STANDARDS OF PROGRESS FOR TITLE IV ELIGIBILITY

To remain eligible for Title IV aid, students must make satisfactory progress towards completion of their diploma. Satisfactory progress is measured by a qualitative standard (students must maintain a minimum GPA) and a quantitative standard (students must maintain required attendance). No student will be graduated with a cumulative GPA below 2.0. Please refer to the fuller description of Satisfactory Academic Progress (SAP) in this Catalogue for further information.

WITHDRAWAL FROM THE PROGRAM

A student is considered officially withdrawn if the Registrar/Student Services Office is notified by the student in writing or by phone of their intent to withdraw. If a student sends written notification of intent to withdraw, the withdrawal date is the date the letter is received via postal, electronic, or fax mail.

STUDENT FINANCIAL SERVICES

NO OFFICIAL NOTIFICATION PROVIDED BY THE STUDENT

If a student ceases attendance without providing official notification, the School will make a determination that the student has withdrawn. The date of determination that a student withdrew varies depending upon the type of withdrawal. This assessment will be made according to the student's last day of attendance at an academically related activity, documented by the School. Following this determination by the School, a calculation of tuition and fees owed to the School will be made and funds that must be returned will be returned according to prescribed policies. (See "Title IV Disbursements" above.)

The date that BTBS becomes aware that the student has ceased attendance will be the date of determination. This date will be identified no later than 14 days after the student's last date of attendance.

REFUNDS

In accordance with federal regulations, when a federal financial aid recipient withdraws from class during a term, it is Berk Trade and Business School's (BTBS) responsibility to determine the withdrawal date and amount of grant and/or loan assistance that the student earned. The School may be required to return funds to the appropriate aid program. Note: The Return of Title IV funds calculation is different from BTBS's institutional tuition refund calculation.

CALCULATION OF EARNED TITLE IV ASSISTANCE

The amount of Title IV federal aid assistance earned by the student is determined on a pro-rata basis up to the end of 60% of the term. Once a student has completed more than 60% of a term, all awarded aid has been earned. Pell Grant, Stafford Loans, and PLUS loans are included in the calculation.

POST-WITHDRAWAL DISBURSEMENTS

If the total amounts of the Title IV grant and/or loan assistance earned as of the withdrawal date is more than the amount that was disbursed to the student, the difference between the two amounts will be treated as a post-withdrawal disbursement. In the event that there are outstanding charges on the student's account, BTBS will credit the student's account for all or part of the amount of the post-withdrawal disbursement of grant assistance (not loan), up to the amount of the allowable charges.

Any amount of a post-withdrawal disbursement that is not credited to a student's account will be offered to the student within 30 days of the date that the institution determined that the student withdrew. Upon receipt of a timely response from the student, the School will disburse the funds within 90 days of the date of determination of the student's withdrawal date.

STUDENT FINANCIAL SERVICES

BTBS maintains the right to decide whether or not to make a post-withdrawal disbursement in the event that the student responds after 14 days of the date that the notification was sent. If the School decides not to make this post-withdrawal disbursement, it will inform the student in writing.

RETURN OF UNEARNED FUNDS TO TITLE IV

If the total amount of Title IV grant and/or loan assistance that was earned as of the withdrawal date is less than the amount that was disbursed to the student, the difference between the two amounts will be returned to the Title IV program(s) and no further disbursements will be made.

BY THE SCHOOL

If a student has received excess funds, the School must return a portion of the excess equal to the lesser of:

- The student's institutional charges multiplied by the unearned percentage of funds, or
- The entire amount of the excess funds.
- The funds will be returned in the order below as prescribed by federal regulations, within 45 days from the date of determination that a student withdrew.
 - Unsubsidized Federal Stafford Loans
 - Subsidized Federal Stafford Loans
 - Federal PLUS loans
 - Federal Pell Grants
 - SEOG

BY THE STUDENT

In the event that there is remaining unearned aid, the student is responsible for returning those funds. If the aid to be returned is in the form of a loan that has been released to the student (or parent if a PLUS loan) borrower, the student (or parent) can repay the loan in accordance with the terms of the promissory note over a period of the time. If the aid to be returned is in the form of grant funds, the law provides that the student may repay 50% of a federal grant rather than 100%. The School will return the student's grant obligation to the appropriate federal program.

Both the School's portion and the student's portion of unearned aid returned to programs will be charged back to the student's account, as provided for in federal regulations.

RETURN OF UNEARNED TUITION

The federal portion of unearned tuition resulting from termination or withdrawal will be calculated according to the refund policy as stated in the Enrollment Agreement. More detailed information is available through the School's Financial Aid Office.

Retail Installment Contracts

This applies only to students who sign a Retail Installment Contract with the School.

This information should be read carefully and fully understood by the student before signing a Retail Installment Contract. A Retail Installment Contract is not a loan. It is most similar to a sales contract which is commonly used for retail purchases. Payments must be made in installments over a fixed period of time. Installment payment deadlines are established in advance. Berk Trade and Business School's Retail Installment Agreement requires that students pay tuition and books in monthly installments during the time period that they are enrolled in the program. All payments must be completed prior to the date of graduation or the student will not receive the certificate of completion. The amount of the monthly payments will vary depending on how much the program costs, and whether the student is financing the program exclusively through the Retail Installment Contract.

Applicants interested in a Retail Installment Contract, which is not Title IV financial aid, may speak with the School's Bursar.

VETERAN'S BENEFITS

This School is approved for the training of veterans. A veteran's individual eligibility will be determined as per guidelines and requirements established by the Veterans Administration.

TUITION REIMBURSEMENT FUND

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending proprietary schools.

If a school closes while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid.

If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations.

To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the State Education Department at 116 West 32nd Street, 5th Floor, New York, New York 10001, attention: Bureau of Proprietary School Supervision.

The IBLRC provides students access to online services and networked computer internet access. The Center also houses the Learning Resources System (LRS) material that plays an integral role in many student assignments and projects. EVALUATION PERIODS

At the end of each formal SAP evaluation point (300 and 600 hrs.), the school checks Qualitative Measure (grade based); Quantitative Measure (Pace); and Maximum time frame for students.

QUALITATIVE FACTOR:

The qualitative measure used to determine SAP is based on grades. Students should maintain a cumulative grade point average of at least 2.0. A specific grade point average (GPA) chart covering all 600 hours is shown below. The School uses a standard grading format. (See below.) Students must make up failed or missed evaluations and assignments.

QUANTITATIVE FACTOR:

To be considered making SAP, Students must attend the required minimum number of hours as measured in clock hours. Evaluations are conducted to determine if students have met the minimum requirements and are based on the cumulative attendance percentage for each evaluation period.

Students also receive Progress Reports at each 100-hour point in the program. The quantitative measure is calculated by dividing the total hours accrued (successfully completed) by the total number of hours scheduled. At the end of each evaluation period, the school determines if students have maintained the required attendance since the beginning of the course. This indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Students are strongly advised to complete all work by graduation day. This qualifies them for rapid employment, since employers expect interviewees to be ready to work. Students who do not complete all required work by the last day of the course must complete their work quickly after the official graduation date.

GRADUATION REQUIREMENTS

In order to graduate, students must complete a minimum of 90% of the total hours in the program and must achieve a C average at the end of the program. While it is strongly advised that students complete all required work by graduation date, the maximum time frame for Berk Trade and Business School programs is 150%, or 11.25 months.

FINANCIAL AID APPEAL PROCESS

The Financial Aid Appeal process allows students who are not meeting SAP standards to petition the institution for reinstatement of Title IV aid eligibility. Students may have the opportunity to have their financial aid eligibility reinstated by appealing the decision and being placed on Financial Aid Probation. Students have five (5) business days after being notified to institute an appeal. The appeal must be in writing and given to the Director,.

The bases on which a student may file an appeal are: injury or illness; death of a relative; or other special circumstances. Students must provide supporting documents and describe in writing any unusual circumstances that warrant special consideration. Students must provide information as to why they did not make SAP and what has changed that will allow them to make SAP by the next evaluation point.

OFFICIAL WITHDRAWAL FROM SCHOOL

In the event a student must withdraw from the school, it is strongly advised that he or she inform the school of the decision. A signed letter confirms the student's decision. A phone call to the Director will suffice. Once the school knows that a student has decided not to continue, it speeds the withdrawal process and allows the school and the student to clarify the student's post-withdrawal obligations.

ACADEMIC SERVICES

STANDARDS OF ACADEMIC PROGRESS (Continued)

UNOFFICIAL WITHDRAWAL FROM SCHOOL

If the school unofficially withdraws a student from the school – usually because the student does not respond to phone calls and letters from the school -- the Director will record the circumstances and the last day of attendance in order to include the information in the student's file. Students should come to the school to complete an exit interview.

ATTENDANCE INTERRUPTIONS

Leaves of Absence (LOA) are covered elsewhere in this Catalogue. If enrollment is temporarily interrupted for a Leave of Absence, students return to school in the same SAP status prior to the leave of absence. Clock hours that have elapsed during a leave of absence will extend students' contract period by the same number of clock hours and days taken in the leave of absence and will not be included in the cumulative attendance percentage calculation.

Students who do not return from a Leave of Absence will be unofficially withdrawn from the school within 14 days after the return date and will have their last date of attendance as the last day they attended before the start of the leave. Students who withdraw prior to completion of the course and wish to re-enroll within 180 days of the original official withdrawal date will return in the same SAP status as at the time of withdrawal.

TARDINESS AND CLASS ATTENDANCE

Students who are tardy to school and have a valid reason (illness, illness of an immediate family member, death in the family, required court appearance, scheduled doctor or dentist appointment, etc.) should bring a note with them, specifying the reason for the tardiness, and check in at the Registrar's Office and then report immediately to class.

PATTERNS OF NON-ATTENDANCE

Berk Trade and Business School expects all students to attend regularly and promptly all lectures and other sessions of the course for which they are registered. The Registrar's Office will closely monitor student attendance with a focus on the accumulation of more than 3 days of absence from School with or without acceptable documentation. It is important for students to be in every class every day to keep pace with the program.

ATTENDANCE

In order to graduate, a student is required to complete at least 90% of the total hours in the program. The School strongly encourages and rewards better attendance. All absences beyond 10% require the student to make up the missed work. This may be done by completing work assigned by the Instructor. Students who are absent for legitimate reasons must also provide appropriate documentation.

Students who receive financial aid must attend their classes. Passing grades in classes are proof of attendance. If a student at any point falls below minimum standards to maintain satisfactory academic progress, he/she may be placed on probation for 30 days or for the next 100 hour Progress Report cycle. During that time, the student is encouraged to complete all missing work. After that time, the student's academic progress will be reviewed for removal of probation if the student's grades meet the minimum.

Instructors maintain the attendance records, which are provided to the Registrar for recording. The need for good attendance is discussed during Orientation. Periodically, the Director provides awards for attendance excellence.

If a student is dismissed for poor attendance, he or she has the right to appeal the dismissal. The School will consider serious mitigating circumstance such as:

- Death of a relative
- Medical reason
- Financial hardship
- Other circumstances beyond the student's control

ATTENDANCE (Continued)

Students must provide to the School any applicable documentation in writing for the appeal to be considered. The documentation will be reviewed by the Grievance Committee. A decision letter will be mailed within two weeks of the student's appeal submission. The student may appeal the committee's decision to the School Director, who has a week to agree or reject the committee's decision. There are no further appeals allowed after the School Director, whose decision will be sent to the student via mail.

LATENESS

Students are expected to be on time for class. Attendance is taken twice during each class. Students who are late are not given credit for that portion of the class. If a pattern of lateness develops, students will be advised of the consequences of lateness. These include the need to complete work that is covered during the time(s) of their lateness. Berk Trade and Business School strives for excellent and timely attendance from all students.

MAKE UP WORK

Regardless of the reason for missing class, students must make up work when they fall below the 90% standard. It is critical that students remain current with their classroom work in order for them to be successful in the learning process. The student is responsible to notify their Instructor prior to or after any absence in order to receive make up work assignments. All make up work will be performed before or after normal class schedules and must be signed off by a school official or Instructor. Students are expected to complete their make up hours within the period of their probation. Students who do not complete all required work by the date of graduation must complete the work within 150% of program length. These students will be charged a fee of \$10 per hour.

LATE STARTS

Students admitted to Berk Trade and Business School are permitted to begin instruction up to one week after the program has started i.e., the student will begin classes no later than the first day of the second week. Instructors provide remedial services including make up work and private tutoring for students who begin the class late to make up for any deficiency.

2. School disciplinary proceedings may be instituted against a student charged with violation of a federal, state or local law which is also a violation of this Student Code, that is, if both violations result from the same factual situation, without regard to pending civil litigation in court or criminal arrest and prosecution. Proceedings under this student code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.

The School will cooperate fully with law enforcement and other agencies in the enforcement of law on campus and in the conditions imposed by criminal courts for the rehabilitation of violators who are also students. Individual students and faculty members, acting in their personal capacities, remain free to interact with governmental representatives, as they consider appropriate.

MAKE-UP WORK

Students are responsible to notify their Instructor prior to or after any absence in order to receive make up work. All make up work will be performed before or after normal class schedules. Students absent over 10% during each 100 hour cycle where progress in the course is measured will have to complete make up hours. Students are required to make up hours as an alternative to having their enrollment terminated. Make-up hours should be completed prior to the completion of the proceeding cycle. All students are required to sign the make up hour agreement and are aware in writing of the number of hours required before the conclusion of the next scheduled cycle or progress reporting period. Students will be charged for make up hours that are remaining at the conclusion of that cycle.

Example:

John Smith began classes on 5/12/11. The first 100 hour cycle occurred on 6/16/11 at which time the student attended 80 of the scheduled 100 hours. The schools minimum attendance policy states that students must achieve a minimum of 90 hours to be considered making satisfactory academic progress. The 200 hour cycle occurs on 6/18/11 and ends on 7/22/11. The student is required to make up 10 hour on or before 7/22/11. On 7/22/11 the student completed 5 of the scheduled 10 make up hours. According the schools policy the student will be charged as follows:

$$\mathbf{\$10 \times 5 \text{ hours (remaining)} = \$50.00.}$$

GRADES AND EXAMINATIONS

A student's progress through the course is determined by regular and frequent testing. Tests, examinations, and quizzes will be administered periodically at the discretion of the Instructor.

LEAVE OF ABSENCE (LOA)

In extraordinary cases, such as an accident, prolonged illness, maternity leave, or the death of a relative, a student may arrange to leave the School temporarily with the intention of resuming the program at a later date. The student must request in writing and also receive approval in writing from the Director for any such leave of absence. A leave of absence is limited to 60 days. Students returning from an LOA exceeding 30 days must be assessed by an Instructor. A student may be placed on administrative leave of absence under certain conditions, which include poor scholarship, unacceptable behavior, non-payment of tuition or prior to a conduct hearing.

PROBATION/INTERRUPTION

There will be no interruption of classes unless a student is granted an emergency leave, excused absence, or is expelled because of poor behavior. Students will be placed on probation for no longer than one term, at the Director's discretion, for failure to maintain satisfactory attendance or academic progress

GENERAL SCHOOL POLICIES (Continued)

when in the opinion of the Director, a student's failure to do so is caused by existing conditions. If, at the end of the probation period, the attendance and/or academic progress have not improved, the student will be subject to dismissal.

RE-ADMISSION PROCEDURE

A student who withdraws from School in good standing will be allowed to re-register in the same program. A student who is dismissed for academic reasons can apply for re-admission six months after their last date of attendance (LDA). A student who is terminated due to non compliance with School regulations, violations of the institution's code of conduct or other behavior not becoming a Berk Trade and Business School student will be eligible to apply for re-admission by submission of a completed Admissions application together with an essay of at least 200 words that explains why the student wishes to continue at the School, and includes steps taken to correct behavior and demonstrates to the Director that the behavior has changed. This is accomplished through an interview with the Director and those selected by the Director. Upon conclusion of the interview the final decision for re-admittance rests with the Director who will determine if the student has the capacity and sincere intention to complete the program.

If the student is granted re-admission, all financial obligations must be met. All prior institutional balances must be paid in full or adequate arrangement made for payment. Students will re-start in a new program and be charged the full tuition for the course including the registration fee.

REPLACEMENT DIPLOMAS

After each interview, the Career Services department follows up with the employer for feedback. This constant communication between our students, the department staff, and the employer is what distinguishes us from other institutions. Our commitment to job placement means a large percentage of students will have applied to and been on at least one job interview before they complete the program.

With the specialized training offered by Berk Trade and Business School, our students will learn the skills that enable them to contribute immediately to their employer and succeed in the workplace. The School is actively engaged in providing placement assistance to all graduates without additional charge. Students are interviewed prior to referral, at which time interests and objectives are discussed. Each student's instructor plays a major role in the career placement process, providing invaluable insight to each student's technical ability, character, and overall attitude over the length of the program. The student is provided with pertinent instruction on the employment interview, work attitude and other job seeking skills. While Placement Assistance may be provided, it is understood that the school cannot promise or guarantee employment to any student or graduate.

INFORMATION FOR STUDENTS

What you should know about licensed private schools and registered business schools in New York State.

What is the purpose of this information?

All prospective and enrolled students in a non-degree granting proprietary school are required to receive this pamphlet. This pamphlet provides an overview of students' rights with regard to filing a complaint against a school and accessing the tuition reimbursement fund if they are a victim of certain violations by the school.

Trade schools which are licensed by the New York State Education Department and business schools which are registered by this Department are required to meet very specific standards under the Education Law and Commissioner's Regulations. These standards are designed to help insure the educational appropriateness of the programs which schools offer. It is important for you to realize that the New York State Education Department's Bureau of Proprietary School Supervision closely monitors and regulates all non-degree granting proprietary schools. The schools are required to have their teachers meet standards in order to be licensed by the Department. Schools are also required to have their curriculum approved by the New York State Education Department every three years, thereby helping to insure that all curriculum offered in the schools are educationally sound.

In addition, staff members of the Bureau of Proprietary School Supervision are often in the school buildings monitoring the educational programs being offered. The interest of the New York State Education Department is to insure that the educational program being offered meets your needs and that your financial investment is protected.

The New York State Education Department's Bureau of Proprietary School Supervision wishes you success in your continued efforts to obtain the necessary skill training in order to secure meaningful employment. In addition, Bureau staff will continue to work with all the schools to help insure that a quality educational program is provided to you.

Who can file a complaint?

If you are or were a student or an employee of a Licensed Private or Registered Business School in the State of New York and you believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department.

What can a student or employee complain about?

You may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition and other charges, school license or registration, school and student records, and private school agents.

How can a complaint be filed by a student or employee?

You should try to resolve your complaint directly with the school unless you believe that the school would penalize you for your complaint. Use the school's internal grievance procedure or discuss your problems with teachers, department heads, or the school director. We suggest that you do so in writing and that you keep copies of all correspondence to the school. However, the school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any action that you have taken to attempt to resolve your complaint.

The steps you must take to file a complaint with the New York State Education Department:

Write to the New York State Education Department at 89 Washington Avenue, EBA 560, Albany, New York 12234. Or telephone the Department at 518-474-3969, requesting an interview for the purpose of filing a written complaint. Bring all relevant documents with you to the interview, including an enrollment agreement, financial aid application, transcripts, etc. An investigator from the Department will meet with you and go through your complaint in detail.

ACCSC STUDENT COMPLAINT/GRIEVANCE PROCEDURE

What is the Tuition Reimbursement Fund?

If a school closed while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the State Education Department at the address included in this pamphlet. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form (a sample of this form should have been provided to you upon enrollment).

What is the tuition refund and cancellation policy?

All schools must have a tuition refund and cancellation policy for each program included in the Catalogue and in the student enrollment agreement.

Read and understand the school's policy regarding tuition refund and cancellation before you sign the enrollment agreement. If you do not understand it, or are confused by the school's explanation, get help before you sign. You may ask for assistance from the Department at the address included in this pamphlet.

What should students know about "private school agents?"

Private School Agents are employed by schools for the purpose of recruiting or enrolling students in the school; they are not school counselors. Private school agents cannot require a student to pay a placement or referral fee. Each school agent must be licensed by the New York State Education Department, must have an Agent identification card and must be a salaried employee of the school. School agents who cannot show an Agent Identification Card are breaking the law if they try to interest students in enrolling in a particular school or group of schools. The name(s) of the Agent(s) who enrolled a student must appear on that student's enrollment agreement. Therefore, you should write down the name of the agent who talked to you. Each student will be required to confirm the name(s) of the agent(s) when signing the enrollment agreement. A full refund shall be made to any student recruited by an unlicensed private school agent or even by a licensed agent if there is evidence that the agent made fraudulent or improper claims. To find out if you are eligible to receive a refund, you must follow the complaint procedures included in this page.

What should students know about "grants and guaranteed student loans?"

A grant is awarded to a student based on income eligibility, and it does not need to be repaid (for example, New York State Tuition Assistance Program (TAP) grants or Pell grants provided by the federal government).

Guaranteed student loans are low interest loans provided under the Federal Guaranteed Student Loan Program. The decision to apply for such a loan is yours – the school cannot require that you apply for a loan. You should understand that if you pay school tuition with money loaned to you from a lender you are responsible for repaying the loan in full, with interest, in accordance with the terms of the loan agreement. A failure to repay the loan can hurt your credit rating and result in legal action against you. Even if you fail to complete your educational program, you are still responsible for repaying all of the money loaned to you.

GENERAL INFORMATION

INFORMATION FOR STUDENTS NEW YORK STATE EDUCATION DEPARTMENT STUDENT DISCLOSURE NOTICE

It is your right to select a lender for a guaranteed student loan. The school cannot require you to apply to a particular lender or lending institution. However, the school can recommend a lender, but if it does, the school must also provide you with a statement about your right and ability to obtain a loan from another lender and the insurance premiums charged on these loans. Read and understand all the information and applications for financial aid grants and loans before signing.
